# Workshop: FluoQube - RBC genotyping in less than 80 minutes by real-time PCR

We are happy to announce our hands-on workshop in RBC genotyping prior to the 29<sup>th</sup> Regional Congress of the ISBT. We will present our RBC-FluoGene vERYfy eXtend typing system for parallel testing of over 70 RBC antigens and phenotypic variants of 13 blood groups (RHD; RHCE; KEL; JK; FY; MNS; DO; LU; YT; DI; VEL; KN) on one 96-well plate.

Snacks will be provided during the workshop.  
The number of participants is limited. Registration and further information at [info@inno-train.de](mailto:info@inno-train.de).
